FINES/RECOGNITIONS:

JP confessed to not having his Rotary pin, and dragged Joe Combs in as well. Father Bill moved on as he had bigger fish to fry!

Carolyn Thiessen was so inspired by Bill Harlan last week that she managed to catch six plays in three days in Ashland over the weekend.

Ron and Jean Mello celebrated their birthdays with a trip to the ghost town of Gold Point, Nevada, with the Rotary Rock Roller RV Group.

Congratulations to Joe and Nancy Combs, who recently celebrated their 24th wedding anniversary. They also have a new addition to their family, but we won't be passing the hat anytime soon. (It's a puppy!)

Don Morton will be missing for the next two weeks, as someone has to keep Julie company in Kauai for their anniversary!! Since today is Don's birthday, he was only fined \$30.

OUR PROGRAM:

Our very own Howard Robbins was our speaker today. He was joined by Tina and Tony Akins from the Concord Rotary Club. They were all part of the Delhi NID team lead by Brian Thiessen. Brian was able to get away from court for a few minutes, but unfortunately was not able to stay for the presentation.

Howard showed great pictures of their travels to Delhi, Agra and Goa. They worked with the local Rotarians and were able to see some of the Indian projects. During their two-week trip, the Delhi NID team inoculated 400+ kids against Polio. After hearing about Rafael's health troubles and another team member's broken foot, we're glad to have Howard and Brian back home safe!

Raffle: Dick Olsen left the white marble in the bag for next week.
